

NFRC 2011 Fall Membership Meeting
November 7 - 10, 2011, Atlanta, GA

Minutes

Technical Interpretation Policy Committee

Monday, November 7, 2011

Block Period: 4:30 p.m. – 5:30 p.m.

Chair: Tom Culp, Birch Point Consulting

Vice Chair: Michael J. Thoman, Architectural Testing, Inc.

1. T. Culp called the meeting to order at 5:08 p.m.
2. S. Hanlon was appointed recording secretary
3. Roll Call was established
4. The agenda was reviewed and approved as presented
5. Reports – (D. Anderson)
 - a. Approved TI's
 - i. TI-2011-01 CMA Frame Group Leader
 - ii. TI-2011-02 Skylights in CMAST
 - iii. TI-2011-03 Fabric Shades Between-the-Glass
 - iv. TI-2011-04 CMAST FA Using Any Frame Component
 - v. TI-2011-05 Default Absorptance
 - vi. TI-2011-06 NFRC 102 Test Conditions
 - vii. TI-2011-07 Default Sill for Steel Framed Door
 - viii. TI-2011-08 Dual Entry Doors
 - ix. TI-2011-09 Modeling of Micro-foil Metals (Revised)
 - x. TI-2011-10 Swing Door Component Substitutions
 - xi. TI-2011-11 NFRC 102 e1 Variable
 - b. Review of Pending TIRs
 - i. TIR-2011-12 Sash Kit
 - Currently, there is a ballot to modify NFRC 100 regarding sash kits. If ballot is approved, then this TIR will not be necessary. If the Ballot is “NFRC 100 Sash Kit” does not pass this TIR most likely will be approved.
 - c. NFRC 601 – Rounding Policy
 - i. Language was revised to deal with the rounding listed in exception item (c) where if the first digit discarded is exactly 5, followed by only zeros, increase the last digit retained by 1 unit.
6. New Business

- a. TI-2010-06 Skylights – R. van Voorst requested for clarification regarding this TI; it was recommended that a ballot to be discussed at U-Factor may provide the necessary clarification.
7. The meeting was adjourned at 5:20 p.m.
