

NFRC Technical Committee

Attachments Subcommittee
Report

Tuesday, 29MAR2011

Subcommittee Notes

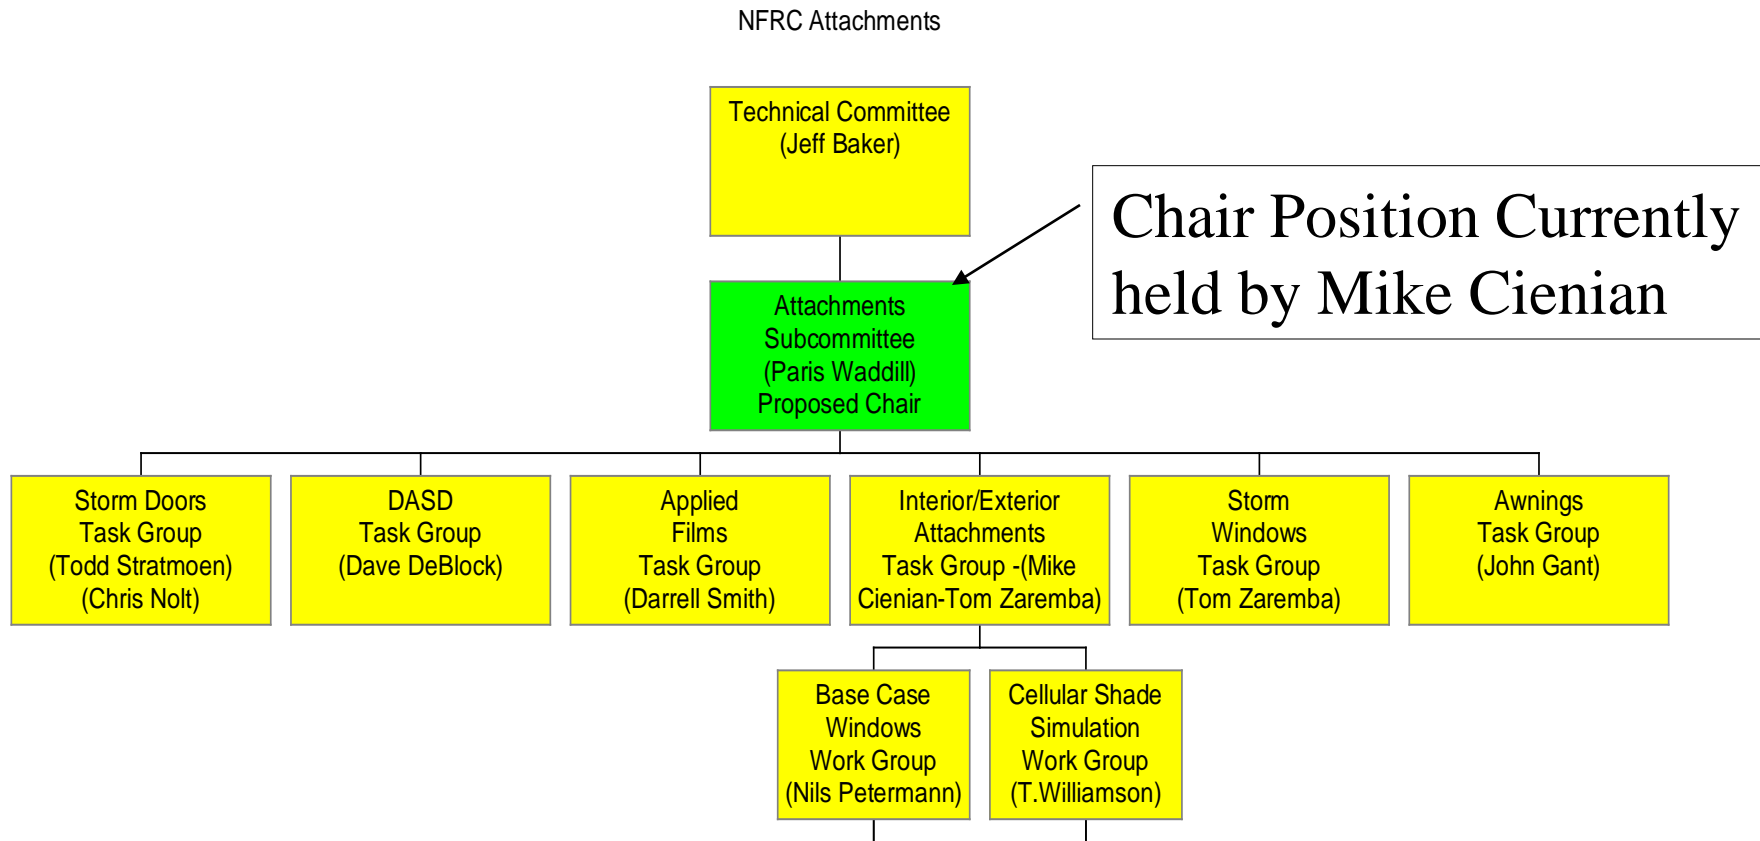

- We'd like to recognize the staff for their hard work & support in the publication of 100A & 200A.
- Task Group decided to remain as combined "Exterior and Interior" TG for 2011.
- Working on a ballot for the summer session to simplify elements of the recently published testing procedures.
- Looking for a resource to complete the skylight window drawings.
- Labeling & PCP Task Groups will now report to the recently formed NFRC 712 Attachments Certification Subcommittee.

Subcommittee Notes

- Formed a new Storm Door Task Group – Todd Stratmoen and Chris Nolt as Chair and Vice-Chair.
- The new TG has submitted a Scope Statement for the record.
- New Subcommittee Chair – Propose Paris Waddill of NYSAN as new Technical Subcommittee Chair. He will replace Mike Cienian who assumes the Chair of the new 712 Attachments Certification Subcommittee.
- Scope statement needs to be updated. Proposal is attached for the record.

Active Task Groups/Work Groups

Supporting Interior and Exterior Attachments –March 2011 – Attachments Subcommittee -Technical

Attachments Subcommittee

Scope Statement

- The Attachments Technical Subcommittee is responsible for the development of procedures and ratings categories of attachment products in compliance with the NFRC 100A and 200A documents.

Storm Door TG Scope Statement

- The Storm Door Task Group shall develop a technical procedure, corresponding PCP language, and an NFRC label to rate, certify, and label storm doors as a fenestration attachment within the scope of NFRC 100A and NFRC 200A.
